

Department of Physics, University of Kuopio offers an ABS/CBACCI course

# Cloud Microphysics

(7.5 ECTS credits)

Applications should include short description of applicant's previous related studies and/or how the course is related to applicant's work and should be send via e-mail to [harri.kokkola@fmi.fi](mailto:harri.kokkola@fmi.fi) before 19<sup>th</sup> of December. Number of students is limited to approximately 15, and if selection is needed, priority is given to students from i) the University of Kuopio, and those from departments participating in ii) ABS or iii) CBACCI programmes, or iv) whose thesis work will be on the subject.

Learning methods:

- e-learning period from late January to March
- intensive week in Kuopio from 16<sup>th</sup> to 20<sup>th</sup> March

Prerequisites:

- basics of aerosol science
- thermal physics/physical chemistry
- basics of programming

Lecturers:

- Ph.D. Harri Kokkola (FMI)
- Doc. Hannele Korhonen (UKU)
