

Tuition fee for international students at Russian State Hydrometeorological University for 2011-2012 academic year

Faculties:

- Faculty of Meteorology
- Faculty of Hydrology
- Faculty of Oceanography
- Faculty of Ecology and Environmental Physics
- Faculty of Economics and Socio-Humanitarian Sciences
- Faculty of Correspondence Learning

Code	Specialization	Degree	Duration, years	Tuition fee for academic year, rubles
1	2	3	5	6
BACHELOR STUDY				
011200	Physics	BSc	4	66000
021600	Hydrometeorology (<i>Meteorology</i>)	BSc	4	66000
022000	Ecology and Environmental Physics	BSc	4	66000
030602	Public Relations	BSc	4	76000
080100	Economics	BSc	4	
	<i>Profiles:</i>			
	Economics of Enterprises			69000
	Accounting, Analysis, and Audit			66000
080200	Management	BSc	4	69000
	<i>Profiles starting from 2nd year:</i>			
	Integrated Coastal Zone Management			
	Environmental Management			
100400	Tourism (<i>non accredited</i>)	BSc	4	66000
230700	Applied Information Technologies	BSc	4	66000
	<i>Profiles:</i>			
	Applied GeoInformation Technologies			
	Applied Information Technologies in Economics			
280400	Applied Hydrometeorology	BSc	4	66000
	<i>Profiles:</i>			
	Applied Meteorology			
	GIS			
	Applied Hydrology			
	Applied Oceanography			
MASTER STUDY				
021600	Hydrometeorology	MSc	2	68000
280400	Applied Hydrometeorology	MSc	2	68000
022000	Ecology and Environmental Management	MSc	2	68000
	<i>Profiles:</i>			
	Geocology			
	Social Ecology			
	Geocological Monitoring			
CORRESPONDENCE LEARNING STUDY				
280400	Applied Hydrometeorology	BSc	5	32000
	<i>Profiles:</i>			
	Applied Meteorology			
	Applied Hydrology			
	Applied Oceanography			

1	2	3	5	6
022000	Ecology and Environmental Management	BSc	5	32000
080100	Economics	BSc	5	
	<i>Profiles:</i>			
	Economics of Enterprises			40000
	Accounting, Analysis, and Audit			32000
080200	Management	BSc	5	40000
PHD STUDY				
05.11.16	Information, Measuring and Management systems in hydrometeorology and ecology	PhD	3	77000
08.00.05	Economics and national economy management (Environmental monitoring and management)	PhD	3	77000
25.00.27	Land hydrology, water resources, hydrochemistry	PhD	3	77000
25.00.28	Oceanography	PhD	3	77000
25.00.30	Meteorology, climatology, agricultural meteorology	PhD	3	77000
25.00.35	Geoinformatics	PhD	3	77000
25.00.36	Geoecology	PhD	3	77000
POST-DOC STUDY				
25.00.27	Land hydrology, water resources, hydrochemistry	Doctor	3	93000
25.00.28	Oceanography	Doctor	3	93000
25.00.30	Meteorology, climatology, agricultural meteorology	Doctor	3	93000
ADVANCED EDUCATION PROGRAMMES				
-	Professional retraining of managers and specialists to profile the basic professional programs	-	More than 500 hours	Individual plans
-	Further training for managers and specialists to profile the basic professional programs	-	Starting from 72 hours	

PRE-UNIVERSITY STUDY

- International students are to attend one-year preparatory programme in RSHU or other University as for learning Russian Language and general courses of secondary school in Russian. For international students the training is carried out in groups (group 8-10 people) for admission to higher educational institutions of Russia at the Department of Russian Language.
Durations of the course is 10 months (the amount of classroom teaching - 1300 academic hours, 1 hour = 45 minutes). During training, students learn the Russian language and general education in Russian. Upon completion of the course students pass the exams and receive certificates if successful.
- **Tuition for pre-university training courses — 66000 rubles. Start dates — September 1 of each year.**
- International applicants should receive an apostil for recognition and equivalence of educational documents.
- Each student RSHU must have medical insurance. The cost of insurance in St. Petersburg is 3500 rubles a year (from 01/09/2011 costs may increase).
